

ERGONOMIC SOLUTIONS FOR VERIFONE

Retail | Hospitality | Healthcare | Travel & Transportation | Public Sector

CHOICE OF SOLUTIONS
FOR MOST VERIFONE
PAYMENT DEVICES

INDUSTRY PROVEN

AGILE AND
RESPONSIVE

CUSTOMISABLE
AND UPGRADABLE

COMPREHENSIVE SUPPORT

SpacePole DuraTilt™

DTP101

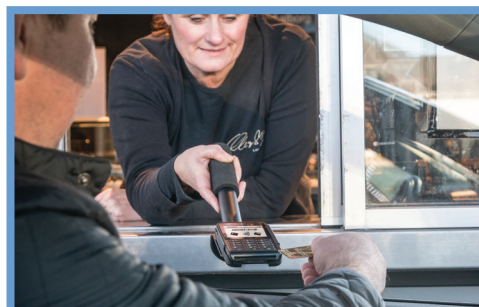

- Modular and ergonomic design featuring the unique patented DuraTilt® joint
- Compatible with MultiGrip™ payment device adapters to support all Verifone payment terminals
- Stable and secure base for payment terminal
- Added security options w/ ClickSafe® for PCI best practice
- Internal cable management and limited head rotation to protect cable
- Easily upgradable - when a payment device changes just swap the MultiGrip plate
- Tilts and rotates 210° from customer side to cashier side
- Available as a complete payment solution that includes:
 - DuraTilt joint
 - Counter mount pole
 - MultiGrip plate
- 5 year warranty

SpacePole Stack™

STP101

- Modular and ergonomic design
- Compatible with MultiGrip™ payment device adapters to support all Verifone payment terminals
- Improved stability for larger terminals
- Added security options w/ ClickSafe® for PCI best practice
- Wider body for efficient cable management and protection
- Easily upgradable - when a payment device changes just swap the MultiGrip plate
- 70° tilt and 310° rotation
- Two different heights, out of the box: 96mm/3.77" or 124mm/4.88"
- Choice of counter mounting options: Self-tapping screws or self-adhesive pad
- Available as a complete payment solution that includes:
 - Height adaptor (adds 18mm for added flexibility)
 - Stack counter mount pole
 - MultiGrip plate
- 2 year warranty

SafeGuard® payment paddle

DTS001/DTS003

- Secure PIN entry and easier contactless payment for customers
- Compatible with MultiGrip payment device adapters to support all Verifone payment terminals
- Available in two lengths (250mm or 500mm)
- Ideal where social distancing required (for example, at drive-thrus and for home delivery)
- Personal safety for customers and operators
- Protects payment device from drop and cable damage
- Easily upgradable - when a payment device changes just swap the MultiGrip plate
- Speeds transactions at point of payment
- Reduced threat of theft
- Flexible design to accommodate Verifone devices on a MultiGrip plate
- Easily attach MultiGrip plate
- Wall mount available

SpacePole mCase™

SPMCXXX

- Small form factor
- Low cost solution
- PCI best practice compliance
- Hardware protection
- Access to chip reader, card reader, charging and on/off buttons
- Wall and counter mounting options
- Attach to tablet mounts from Ergonomic Solutions
- Belt clip and lanyard available
- Facilitates SpacePole Duo for Zebra and Honeywell
- 2 year warranty
