***The Story of Goldies Bar***

*From Michelin kitchens to sizzling grills: best friends Vladi & Kajo founded Goldies in 2017 to dish out The Best Bad Food in Town. Inspired by NYC's bold food culture, Goldies Bar at KaDeWe is their latest chapter – a diner-style playground with comfort food and drinks that hit with an edge. It's bold, it's juicy, and just like them – Goldies Bar is built on friendship, obsession, and a love for the perfect bite.*

***What makes a true Slider***

*A Slider is not the same as a mini burger. It's probably the most legendary burger ever created: small, juicy patties smashed on the griddle, topped with onions and cheese, and served on a soft bun. Finish yours your way – with ketchup, mustard, or pickles.*
